* Lanyard attachment supported, sold separately

HIGH-SPEED CONNECTIVITY WHEREVER IT'S NEEDED

The Cat Q10 is completely portable and designed for use by businesses - connecting devices in outdoor spaces and worksites, market stalls and pop-up stores, events and exhibitions, and other temporary or semi-permanent locations - as well as by individuals that are on-the-go or in settings where Wi-Fi networks cannot be relied upon. It could even be used in scenarios such as a disaster relief situation where fixed-line broadband is disrupted.

STAY CONNECTED FOR LONGER

The Cat Q10 has a large dedicated battery to keep connected devices online for longer, and users can swap the battery if additional power is needed. 10 hours usage, 1000 hours standby, and powerbank functionality.
